CAMBRIDGE—*contd.*				
Conington	- - -	- -	- - -	Church-rates have not been refused, because the Rector pays (in proportion to the rest of the parish) for the church land and tithes, or they would have been refused. There are other parishes where there would be no opposition to church-rates, provided the church property paid in proportion.

Gamlingay	about 1,800	1	not divided	Although not refused, the obtainment of them has always been attended with the greatest difficulty and abuse. Finding all reasonable application at vestry hopeless, application was made to the Chancellor of the diocese, who forthwith directed his solicitors, Messrs. Twiss & Marshall, to require a rate to be made for the necessary repairs of the parish church. A rate of 4 *d.* in the pound was thereupon granted, and in the following year, 1851, a sixpenny rate for the sum required. Since then, a twopenny rate only (in 1852) has been obtained; not owing to none being required, very far from it, but through fear arising from the decision of the "Braintree case." The parish of Gamlingay, having for a long series of years been entirely filled with Baptist dissent, the church is, with the exception of the occasional aid of one resident individual, entirely dependent on its little annual produce of a small piece of land (viz. from 7 *l.* to 8 *l.*) for its repairs; and as out of this, the clerk's salary, sacrament wine, journeys of churchwarden to visitations (18 miles distant), and every necessary item appertaining to the church and its services, have to be deducted, there is, of course, little or nothing whatever remaining for church repairs without a rate. As to a voluntary rate in a parish like this, it would be madness to think of it.

This resolution was passed in consequence of the inconvenience attending the collection of so small a rate as would be annually required, and not as an objection to the principle of church-rates, which had been heretofore regularly allowed.

Rusholme - - -	The cathedral is the parish church of Manchester, and Rusholme is within the parish, consequently the return of the wardens of the cathedral or parish church will include Rusholme. The parish of Manchester not only comprises the city, but is much more extensive. For centuries past chapelries have at times been erected in the more distant townships. Some 20 years ago (more or less) it was found to be inexpedient to enforce the payment of church-rates; the rate is annually demanded by the mother church, but the payment is left optional. Rusholme is, in reality, merely a *quod sacra* district. A church was built about 11 years back, and has subsequently had a territorial district allotted to it. Under the Manchester Capitular Act, Rusholme became a rectory and a parish some two years ago; but it has no power either to raise or to refuse church-rates in the general meaning of the words. The donations or subscriptions of the patron and wealthy parishioners have been formed into a repair fund, managed by trustees; this fund is augmented by an annual sum taken from the pew-rents. Collections are made from the congregation as often as needful. The monies thus raised suffice both for repairs of the fabric and for current expenses of the wardens. The vestry is composed of seat-holders only, and has the power of laying an additional or varying rate upon each sitting.

Cotes, North - - -	225	1	not divided -	—
Cowbit - - - -	700	1	not divided -	A rate would have been laid last Easter but for the expectation that some plan would have been adopted by Parliament. Cowbit is an agricultural parish. There has been no church-rate since Easter 1852. Ninety-five per cent. of the ratepayers, Dissenters included, would support a rate, but not contribute to an expensive ecclesiastical mode of enforcing it. Cowbit is, with very few exceptions, a parish of small occupiers and labourers; one wealthy man (who attends no place of worship) has been the sole cause of a rate not being collected. The churchwardens do not think it right to enforce a rate upon the poor so long as his rate is unpaid; nor are they prepared, on their own responsibility, to incur the charges in which they may be involved in enforcing it upon him. A voluntary rate or subscription necessary for the proper maintenance of the fabric could never be raised.

No church-rates are levied or asked for in this parish. The expenses of repairs are defrayed partly from a small property appropriated for the purpose, but chiefly out of the pew rents of the several churches and chapels in the parish, the income of which forms one general fund, and is applicable for the maintenance of each; when anything substantial is required, voluntary contributions are resorted to, to supply any deficiency.

toke Newington, St. Mary	about 5,300	- - 2; St. Mary's parish church; St. Matthias, district church.	- - divided into two ecclesiastical districts.	Have not at any time been refused in this parish; although they were very strongly opposed and contested for many years, yet they were carried, and payment enforced, until the year 1848, when such rates ceased in this parish. This parish possesses an estate applicable to the maintenance of the parish church, and the expenses incidental thereto. Prior to the year 1848, this property was charged with a mortgage for money raised partly for its own occasions, and partly for enlarging the parish church; that mortgage was redeemed by church-rates, obtained always with disunion and contest, and at last those rates were obtained only by assurances that church-rates would cease in this parish when the mortgage upon that estate was paid off. Events have recently arisen which re-open the probability of a church-rate by the diversion of the income of this property from its hitherto accustomed application, a contingency which is fraught with deep anxiety to every friend of the Established Church, as well as to every advocate of social harmony and peace within the parish. Her Majesty's Attorney-General is now engaged in a suit promoted for the purpose of effecting the diversion in question, through the Commissioners for Charitable Trusts.

[a] Dullingham.—From rent of land, left for repairing the church.

[b] Foulmire.—The annual expenditure does not usually exceed 15 *l.* There is an income from a charity sufficient for all ordinary purposes, and that to meet the demand upon their funds in 1853, caused by the decay of the church tower, an advance was made by the feoffees of the above charity to defray the expense of repairing it.

[c] Fulbourn.—Rent of an acre of land left for the repair of the church.

[d] Gamlingay.—There is also a balance in hand of 15 *l.* from rates granted in 1852.

[e] Girton.—From church lands and subscriptions towards repair of church.

[f] Graveley.—The fact of no church rate having been made during the year 1853–54 is by no means due to any opposition, such a thing as a rate being refused being unknown in this parish. In the year 1854–55 the sum of 24 *l.* 11 *s.* 2¼ *d.* was collected by rate, and the same sum during the current year. It is right also to state that the sum expended on the repairs of the church was less during the year 1853–54 than is usual.

[g] Guilden Morden.—In 1855, over 1,000 *l.* was expended in repairing and improving the church, raised by voluntary contributions.

[h] Haddenham.—Collections are made by the congregation to defray the expenses of Divine service.

[i] Harleton.—The church was put into a complete state of repair in the year 1844. No outlay has since been required.

[j] Harston.—From land 8 *l.*, and Mrs. Martin's Charity, 4 *l.* 12 *s.*

[k] Haslingfield.—Of this amount 25 *l.* 12 *s.* was expended for repair of churchyard wall.

[l] Hauxton.—There has not been a rate for 12 years. The church is sadly out of repair, especially the tower, which is scarcely safe, but no funds can be obtained, as a rate has been refused.

[m] Hinxton.—The above sum was in fact the balance in hand at Easter 1853, and no rate was made in 1853–54. The expenditure was increased by the Bishop's confirmation being held in that year. The church was completely restored, and repaired in 1844 at a cost of nearly 200 *l.*, so that the repairs since that period have been trifling.

[n] Histon.—No church rate has been asked for within the memory of man.

[o] Melbourne.—Balance from previous year.

[a] Pampisford.—The following year, 1,800 *l.* were expended in the repair and rebuilding part of the church, 13 *l.* of which was a voluntary donation, the remainder from a church estate.

[b] Papworth: St. Agnes.—Church rebuilt at the expense of the rector, at a cost of upwards of 1,200 *l.*

[c] Sawston.—From a few acres of land let at 40 *l.* per annum.

[d] Shepreth.—Personal contribution of the churchwardens only.

[e] Barway Hamlet.—Hitherto assessed to the mother church at Soham; but in 1854 the church rate was refused for the first time. There is no objection to support the church at Barway; but the inhabitants refuse to pay to both churches.

[f] Stapleford.—In the following year, 1854–55, the expenditure for repairs was large, and amounted to 172 *l.* 17 *s.* 5 *d.*

[g] Steeple Morden.—There has been only one rate, at 4 *d.* in the pound, during five years, which amounted to 57 *l.* 14 *s.* 2 ¼ *d.*; the average per year, about 11 *l.* 10 *s.* 10 *d.*

[h] Stetchworth.—Amount received and expended from year 1851 to year 1854.

[i] Swaffham Bulbeck.—Including balance in hand of 3 *l.* 5 *s.* 4 ½ *d.*

[j] Teversham.—In 1852 a rate was made, amounting to 18 *l.* 8 *s.* 11 ½ *d.*, but none in 1853–54.

[k] Teversham.—From Jermey's Charity.

[l] Thetford.—No rate made or required in 1853–54.

[m] Thorney.—There are no funds applicable to the maintenance or repair of this church. Not being necessary, church rates have not been raised for that purpose, or applied for, the Duke of Bedford having gratuitously kept the church in repair.

[n] Trumpington.—In this year extensive repairs were done to the church. In ordinary years the expenses are about 20 *l.*, provided for by a church rate to that amount.

[o] Westley-Waterless.—No church rate has been made since April 1851.

[p] Wilbraham, Little.—No rate was made in the year 1853, none being required. There has not been any opposition to a rate when required.

[q] Willingham.—Refused, Lady-day, 1853.

[r] Wisbeach.—Balance and arrears from previous year.

[a] Mossley District.—Having no power to levy a rate, no particulars can be given. The incumbent has hitherto paid the expenses out of his own pocket, and has kept no account. The church rates collected by law go to the mother church of Astbury.

[b] Smallwood District.—From pew rents and balance of preceding account.

[c] Backford.—Balance from previous year.

[d] Baddiley.—Church rates have never been refused in this parish.

[e] Barthomley.—This sum includes 30 *l.* 10 *s.* from charities, and 1 *l.* 11*s.* hearse hire.

[f] Barthomley.—Instalment of loan and interest.

[g] Barthomley.—Borrowed in 1851 from Public Works Loan Office, for necessary repairs.

[h] Alsager Township.—The township has to repair its church by voluntary contributions. It pays church rates to Barthomley, the parish church.

[i] Tranmere Township.—Tranmere is in the parish of Bebington, and the church rate collected in the township is paid over to the churchwarden of that parish.

[j] Bidstone.—Ordinary expenses of conducting the service of the church.

[k] Claughton Township.—The township of Claughton is in the parish of Bidstone. There is no parish church in Claughton.

[l] Birkenhead.—District church supported by pew rents with no power to levy church rates.

[m] Bowden.—This return is for the year 1854-55. The wardens of 1853–54 did not enter their accounts in the parish books.

[n] Altrincham Township.—There is no church rate, but a rate is levied on the pew owners for repairs, &c.

[o] Carrington Chapelry.—Carrington chapel is a chapel of ease under the parish church of Bowden, and maintains itself by a rate collected from pew-holders. When there is a church rate collected the churchwardens of Bowden collect it for the parish church.

[p] Ringway Chapelry.—Ringway is a chapelry in the parish of Bowden, and has nothing whatever to do with church rates.

[q] Lostock District.—From pews and collections in church.

[r] Bunbury.—Including balance in hands of late churchwardens.

[s] Cheadle.—In 1853, the wardens fearing an opposition which might embroil the parish, did not ask for a rate.

[t] Chester City.—Of this amount 800 *l.* have been repaid.

[u] Chorley Township. — Chorley township is in the parish of Wilmslow, and derives its stipend from pew-rents.

[v] Coppenhall.—A balance from the previous year supplied the deficiency.

[w] Dane Bridge.—This is a parish divided from the parochial chapelry of Wilton, in the parish of Great Budworth, and the parish of Davenham, under the Act 6 & 7 Vict. c. 37, and no church rates have ever been collected in it for the use of the new church, but rates for the two mother churches, from which the district has been taken, have been collected annually.

[b] Northenden.—Including a balance from previous year of 19 *l.* 14 *s.* 10 *d.*

[e] Hurdsfield District.—The expenses are paid out of the pew rents, or incumbent's stipend.

[f] Macclesfield Township.—Christ Church, in Macclesfield Township, is not a parish church. It was erected by an individual at his own expense, and established by Act of Parliament, 3 Geo. 3, c. 7. Its income arises from pew-rents, from a sum of 1,400 *l.*, in the hands of the Governors of Queen Anne's Bounty, and from a further sum of 5,000 *l.* recently left by C. S. Roe, Esq., a descendant of the founder, and now invested in Consols. No rate has ever been levied, nor is there any power to do so. The district, a conventional one at present, is part of the township of Macclesfield, and the parish of Prestbury.

[g] Sutton Township.—The church is supported by voluntary subscription. It was built in 1840, but not yet consecrated.

[h] Runcorn.—From the parish of Runcorn, exclusive of chapelry of Daresbury, 560 *l.* 7 *s.* 3 *d.*; from Daresbury, 192 *l.* 16 *s.* 8 *d.*

The remainder of the debt, with all interest due thereon, has been discharged by the churchwardens of Daresbury during the past year.

[k] Trinity District.—From pew rents, church collections, and endowments.

[l] Trinity District.—Nothing required this year; had there been, it would have been defrayed by voluntary contribution.

[n] Sandbach.—The whole expended in repaying Government loan and sundries.

[o] Sandbach.—Now owing on security of rates.

[p] Shotwick.—Including a balance of 3 *l.* 8 *s.* 6 *d.* from previous year.

[q] Chadkirk.—Chadkirk, being merely a chapel of ease under the church of St. Mary at Stockport, has never had any churchwarden or chapelwarden appointed for it; nor has any church rate ever been made or collected on its account.

[r] Hyde Chapelry.—Hyde being a chapelry or district, no church rates have ever been made.

[s] Marple.—From pews, old rate, and balance from previous year, sale of old gate and hearse.

[a] Stephens, St. (by St. Austell).—Monies have been since received from church rates in this parish, in order to carry out and complete a great work of church repair and improvement commenced in the year 1853. Since the decision of the House of Lords in the Braintree Case, there have been two contests in this parish, a poll having been demanded in 1854, and in the present year (1856), but in both cases the rate was carried by a very good majority.

[b] Stratton.—From rent of land and contributions.

[c] Tamerton (North.)—From a bequest by W. Robins, esq., rent of two houses, and from clergyman for washing surplices.

[d] Thomas, St., the Apostle.—In repairs and fences.

[e] Truro.—Borrowed for the purchase of land for burials, 150*l.* of which have been repaid.

[f] Tuckingmill.—Of this sum, 13 *l.* was given from the church rate of the parish of Canbourne, and 7 *l.* was received from pew rents.

[g] Tregaminion.—Tregaminion is a chapel of ease in the parish of Tywardreath. It was built and endowed by the late William Rashleigh, esq., who also made provision for keeping the chapel in repair, and for the due celebration of Divine worship.

[h] Veryan.—Borrowed in 1849. To be repaid with interest at 5 per cent. in ten yearly instalments.

[a] Alkmund, St.: Darley Abbey Chapelry.—The district church at this place was built between 30 and 40 years since, by the late Mr. Walter Evans; and the whole of this little district being the property of his family, there has never been any church-rate; but church-rates are paid to the mother church of St. Alkmund's, in addition to keeping our own district church clean and in good repair.

[b] Allestree.—No church-rates have ever been collected.

[c] Allestree.—From rent of land and houses, and sale of timber.

[b] Littleover.—Repairs to walk in churchyard.

[c] Longford.—For repairs, warming church, clerk's salary, and wine for sacrament.

[d] Mappleton.—The church-rate has always been granted without a dissenting voice, and not a single objection raised against any item in the accounts. In the year ending 1855 we had some repairs done, and expended 23 *l.* 14 *s.* 2 *d.*, all from rates.

[e] Matlock.—All expended in the necessary repair of the church, and for conducting Divine worship therein.

[h] Brackenfield District.—Balance in hand.

[i] Newhall.—The church of St. John, Newnall, was erected in 1833, under the Patronage Act, 1 & 2 Will. 4, and up to 1854 has paid church-rates to the mother church at Stapenhill, from which parish the district has been separated. The annual expenses of the church, independent of repairs, amount usually to about 8 *l.* No church-rate has hitherto been collected for Newhall separately from Stapenhill, nor has it ever been refused.

[j] Normanton.—Average amount of receipt and expenditure for the eight years ending Easter 1854.

[k] Normanton, Temple.—Including 3 *l.* 13 *s.* paid to Chesterfield.

[l] Northwingfield.—Balance in hand received from the late churchwardens.

[p] Pentrich.—This sum was expended on necessary repairs. and ordinance of the church.

[q] Sandiacre.—Expended in necessary repairs of church, and in the maintenance of Divine service.

[r] Sandiacre.—In 1855 the churchwardens borrowed 75 *l.* on the credit of church-rates, for the building of a new porch.

[s] Shardlow.—Including 16 . 12 *s.* from pew-rents, and 43 *l.* 2 *s.*, subscriptions for painting.

[t] Stanton-by-Dale.—The cost of repairs, visitation fees, sacraments, and all other charges in this parish, is about 16 *l.* annually, or after the rate of 1 ½ *d.* in the pound.

[a] Tansley.—Never has been a church-rate.

[b] Tickenhall, or Ticknall.—Repairs included.

[c] Whittington.—Great opposition is now manifested in this parish against the making or levying of church-rates; and although a church-rate might be carried and levied at a parish vestry meeting, still, in the present state of the law, encouragement is given to those who afterwards object to its payment, to make technical objections as to its validity, either on the ground of its being excessive or unnecessary; and this objection appears to suffice for removing the hearing of such objections from the jurisdiction of magistrates to the dilatory and most expensive proceedings of Consistory and other Ecclesiastical Courts; and as the amount may be trivial in itself which is objected to be paid, still it is of great consequence, for its being vindicated is absolutely necessary for the whole rate to be valid and good, and until this is effected, all other ratepayers would naturally abide such decision. The present churchwardens would certainly not institute a suit against any one in such courts without funds, as well as law, to defend them under any circumstances whatever.

[d] Whittington.—Money has been advanced by the churchwardens on the security of the rate, but not yet repaid.

[e] Wilne.—Balance in hand.

[f] Wirksworth: Alderwasley Township.—The township of Alderwasley is in the parish of Wirksworth. The rateable inhabitants of Alderwasley pay church-rates to Wirksworth, from which place the return should be made. There is no churchwarden of this township.

[g] Allhallows-on-the-Walls.—This sum is paid by the turnpike trustees as a rent for ground on which the old parish church stood, and is paid to the sexton for keeping the interior of the present fabric clean.

[h] Alwington.—In 1853 the rector and patron gave a donation of 50*l.* towards improving and altering the seats, which amount was expended in 1853, 1854, and 1855.

[i] Ashburton.—No church-rate is collected in the parish of Ashburton, there being parish land property out of which the necessary expenses are defrayed.

[j] Ashford.—The church was taken down and rebuilt in the year ending 1853, partly by an advance from the Church Building Society, partly by subscription, and partly by the sum of 62 *l.* voted by the parish. The Rev. John Blackmore offered to advance the above sum to the parishioners, free of interest, on condition that 10 *l.* a year be repaid him for the first five years, and the remaining 12 *l.* on the sixth year, which was agreed to.

[k] Ashprington.—Including the payment of 31 *l.* 10 *s.*, principal and interest of debt.

[a] Littleham-cum-Exmouth.—Expended on the church and chapel.

[b] Luppitt.—Balance from previous year.

[c] Lustleigh.—Including rent from church house, and balance from previous year.

[d] Maker.—Maker is situated in the counties of Cornwall and Devon.

[e] Maker.—A larger rate was collected this year (1853–54) than usual, in order to meet the demand intended to be made on the following year for new roofing the church, and which has since been partly effected, by rate and voluntary subscription.

[f] Malborough, Salcombe Chapelry.—The district church of Salcombe derives no advantage from church-rates. The inhabitants are still rated to the parish of Malborough, to which Salcombe belongs, although possessed of a clergyman and church of her own for all ecclesiastical purposes. As the church has only been built 12 or 14 years, no extensive repairs as yet have been required; but whenever such may be found necessary, the funds must be supplied by voluntary contributions.

[g] Manaton.—This amount does not furnish a fair or proper estin of the regular annual expenditure; in the year above returned expenditure was unprecedentedly low. The amount of average an expenditure, forming an estimate from the last 10 years, is found t 10 *l.* 15 *s.* 8 *d.* per annum.

[h] Marwood.—Including a balance of 4 *l.* 18 *s.* 3 *d.* from prev year.

[i] Marwood.—Leaving a balance due of 4 *l.* 5 *s.* 1 *d.*

[k] Marystow.—No church-rates are paid in this parish; the expe are defrayed from parish land.

[l] Meshaw.—Balance from previous year.

[m] Milton Damerel.—Church-rates have been refused since F 1854.

[n] Northam.—Borrowed in 1850, and an instalment of 51 *l.* 1 *s.* repaid in 1853–54.

[a] Ampney, St. Mary.—This sum includes 1 *l.* 12 *s.* 5 ¾ *d.*, balance from previous year.

[b] Aston Somerville.—The church, about seven years ago, was new floored and re-pewed at a cost of 110 *l.* Last year it was re-roofed, at a cost of 25 *l.*, by the churchwarden, who being the sole occupier and ratepayer, makes all repairs without a rate.

[c] Badminton, Great.—All repairs of church, &c. done by His Grace the Duke of Beaufort.

[d] Beckford.—There was a balance of 21 *l.* 13 *s.* 10 ¾ *d.* due to the churchwardens of the previous year, which was paid out of the 58 *l.* 2 *s.* 5 ½ *d.*

[e] Bibury.—Houses and land left by charity to the church.

[f] Bishops-Cleeve.—Expended on building, improving, or repair of church and chapel of ease.

[g] Bisley.—There has been no church rate in this parish from time immemorial, in consequence of there being an ancient fund (arising from estates under the management of trustees) available for the usual purposes of a church rate.

[h] Oakridge District.—Oakridge is a parochial district, locally within the ancient parish of Bisley. No church-rate has ever been made. There is a trust-fund for the repair of Oakridge Church, to which recourse is had when necessary.

[i] Boddington.—A small quantity of land let for 8 *l.* yearly.

[j] Boddington.—The least amount expended for many years, in consequence of the church having been thoroughly repaired a few years since at a great expense.

[k] Bourton-on-the-Water.—From a rate granted in 1852.

[l] Briavels, St.—Borrowed in December 1850, and was paid by five instalments, and ceased December 1855.

[m] Bristol: Paul's, St.—From ground-rents; the remainder made up from private contributions.

[n] Paul's, St.—The church is kept in good repair out of this amount.

[a] Aylesford.—A sum of 994 *l.* 17 *s.* 2 *d.* was expended in 1852 for repairs and beautifying the church; which sum was raised by subscription.

[b] Beaksbourne.—This is the amount of an ordinary rate; the whole of this was not received in 1853–54, being collected by churchwardens as required for the use of the church.

[c] Beaksbourne.—The remainder of this money is sexton's fees; new surplice, washing surplice, &c., sacrament expenses (wine, &c.) visitation fees, &c.

[d] Bexley.—The amount expended, being more than the rate collected, the deficiency was defrayed by subscription; "the expenditure was very heavy this year, in consequence of new shingling the steeple."

[e] Lamorbey District.—The chapel is supported by funds set apart at the time of consecration, and from pew-rents. The church-rates levied in the district are paid to the mother church.

[f] Bobbing.—Church-rates have always been collected in this parish, and continue to be, at the rate of 4 *d.* in the pound.

[g] Boughton Malherbe.—No rate required since 1852; the church having been put in repair in 1849 by subscription and rates.

[h] Boxley.—Remainder on incidental expenses.

[i] Broomfield.—The whole expended in repairs and incidental expenses.

[j] Burham.—A church-rate was made after Easter 1854, and upwards of 20 *l.* expended on repairs.

[k] Burham.—From rent and balance due from churchwardens.

[a] Charlton-near-Dover.—Borrowed on 6 March 1850, to purchase dditional burial-ground. To be paid off from rates, in 10 yearly payments of 40 *l.*, with interest. 150 *l.* was paid off at Easter 1854.

[b] Chart, Great.—Including 19 *l.* from an old rate.

[c] Chart, Sutton.—Including 13 *l.* 3 *s.* 0¾ *d.*, arrears of 1852-53.

[d] Chartham.—Including 9 *l.* 10 *s.* 2¼ *d.*, balance from 1852.

[e] Luton District.—A rate having been refused for the mother church of Chatham, no rate has been attempted to be made for this district. A donation of from 10 *l.* to 15 *l.* a year has for several years been given by one individual towards the repairs of the church. The expenses (about 15 *l.*) of conducting divine service have been voluntarily defrayed by the incumbent, the district being too poor to admit of the amount being raised by subscription.

[f] Coldred.—Including 5 *l.* 15 *s.* 7 *d.*, balance of 1852.

[g] Cranbrook.—Including 25 *l.* 5 *s.* 8 *d.*, balance from previous year.

[h] Trinity Church.—From pew-rents, collections, and an endowment fund for repairs.

[i] Cudham.—In February 1854, a rate of 1 *s.* in the pound was made for the purpose of restoring the church.

[j] Cudham.—From subscriptions, grant from incorporated society, and collection at re-opening.

[k] Davington.—The church is freehold property.

[l] Deptford, Nicholas, St.—A rate was made a short time previous to the termination of the churchwarden's year of office, but up to that time was not got into collection.

[m] Deptford, Nicholas, St.—From "Bellmoney," which has now ceased; the churchyard being closed.

[n] Downe.—Remainder for clerk's and beadle's salary, and other casual expenses.

[a] Seaforth.—Seaforth church is private property and not dependent on the parish church.

[b] Sephton: Great Crosby Township.—St. Luke's, Great Crosby, is a chapel-of-ease to the parish of Sephton. Its expenses (except the minister's stipend) is met by pew rents.

[c] Shuttleworth.—Church-rates are collected over about half of this new parish for the support of the ancient chapel of Edenfield, in the parish of Bury. We cannot ascertain the amount annually collected. They are often refused, and a cause of grievous litigation.

[d] Silverdale Township.—The expenses are returned with the parish church of Warton.

[e] Skelmersdale.—The church-rates at Skelmersdale are paid to the parish church at Ormskirk. For Skelmersdale church there is a voluntary rate. The church has been repaired from time to time by private individuals.

[f] Slaidburn: Dale Head.—Dale Head is a chapel-of-ease in the parish of Slaidburn, and is not connected with the levying or collection of church-rates.

[g] Standish, Coppull Chapelry.—Included in the return of the parish church of Standish.

[h] Tonge-cum-Alkrington District.—This district is dependent on the mother church at Prestwich, where the rate is laid throughout the whole parish; but each warden collects the rate of his township or townships.

[i] Trawden.—As the new parish of Trawden, until the 13th July 1846, formed a part of the chapelry of Colne, in the parish of Whalley, the returns from Colne will apply thereto.

[j] Trawden.—The whole south wall now needs pointing, but there are no funds.

[k] Tunstal.—This sum includes, 4 *l.* 14 *s.* 6 *d.* for township of Tunstal; 3 *l.* 17 *s.* 6¾ *d.*, for Cantsfield; 5 *l.* 3 *s.* 5 *d.* for Leck; and 5 *l.* 9 *s.* 11 *d.* for Burrow.

[l] Leck Township.—Including 1 *l.* 14 *s.* 8 *d.*, balance from previous year.

[m] Leck Township.—Of this sum 5 *l.* 3 *s.* 5 *d.* is the proportion for Tunstal.

[n] Tyldesley.—From subscriptions for beautifying the interior of the church.

[o] Ulverstone.—From pew rates of persons holding such out of the township.

[p] Urswick, Bardsea District.—The church at Bardsea was consecrated 5 September 1854. The sum of 10 *l.* per annum is set aside out of the endowment for the clergyman as a repair fund, and the portion of this sum not required for repairs during the year is invested by trustees appointed for the purpose. The district of Bardsea will continue to pay church-rates to Urswick, which are employed exclusively for the benefit of the church there.

[q] Walton-le Dale.—Borrowed under the authority of Her Majesty's Commissioners for Building New Churches, for the enlargement of the churchyard, repayable out of the church-rates, 25 *l.* of which, with interest at 5 *l.* per cent., now remains unpaid.

[r] Walton-on-the-Hill: Everton.—This church is in the parish of Walton. The expenses are provided for (though inadequately) by Act of Parliament, from ground-rents of pews; church-rates are paid to the parish church of Walton.

[a] Liverpool: James, St.—St. James, Toxteth Park, is a perpetual curacy in the parish of Walton-on-the-Hill, Liverpool.

[b] James, St.—Amount of ground-rents and pew-rents. The balance after paying expenses, is due to the incumbent.

[c] Warrington: Burtonwood Chapelry.—Of this expenditure 65*l*. 19*s*. 10*d*. was paid over to the parish church of Warrington for repairs of the said church. Burtonwood (prior to Easter 1855) always paid over to the parish church an equal sum to that raised at that place; when they returned as much as would pay the expenses incurred at this chapel. In 1854, church-rates were refused at Warrington by a majority of the vestry; a poll was demanded and the rate lost. Since that time we have levied a small rate for our own chapel, which has not yet been refused.

[d] Hollinfare Chapelry.—The remainder of the amount collected was paid over to the churchwardens of Warrington, towards the expenses of maintaining the parish church.

[e] Warton: Yealand District.—No rate required, as everything connected with this church is supported by voluntary contributions.

[f] Yealand District.—Deficiency made up from surplus of previous year.

[g] Waterhead.—Much more would have been expended if sufficient funds could have been raised. The pews are not stained, and the windows have only been painted once.

[h] Whalley: Burnley.—From a voluntary rate upon the occupiers of pews.

[i] Worsthorne.—All repairs and improvements have been paid by the incumbent out of his income; of which no account has been kept. The district is too poor to levy a church-rate upon.

[j] Wigan.—In addition to this sum, 1,121 *l*. 17 *s*. 8 *d*. was paid to the churchwardens on account of money previously advanced by them; this 1,121 *l*. 17 *s*. 8 *d*. is the balance of income over expenditure for the year.

[k] Wigan.—This includes the sum of 383 *l*. 9 *s*. (an instalment of 4,540 *l*. and interest) paid to the Public Works Loan Commissioners.

[l] Haigh and Aspull.—From the churchwardens of Wigan.

[m] Pemberton District.—A donation from parish church out of rates.

[a] Rothley.—A year's rent from land allotted in lieu of church rates.

[b] Sapcote.—There is generally a small church-rate, but this year no rate was made. The principal expense was enlarging the organ, which was defrayed by subscription.

[c] Seal, Nether, and Over.—Including balance from previous year of 9*l.* 10*s.* 0¼*d.*; rate at 1½*d.* 39*l.* 2*s.* 9*d.*, leaving a debt of 9*l.* 7*s.* 3¾*d.*

[d] Stoney Stanton.—Nothing received. No opposition is ever made to a church-rate, and consequently it often happens that two years elapse without one being levied, when one sufficiently large to cover all disbursements is made. No funds from any other source than church-rates.

[e] Stoney Stanton.—Remainder in the necessary requirements for public worship.

[f] Syston.—The above heavy rate (10*d.* in the £.) was laid to defray the expenses of enlarging the churchyard, and enclosing the same with a strong brick wall, and granted willingly by the parish. Usually a rate is granted once in three years at one-quarter of the above.

[g] Thornton: Stanton-under-Bardon Township.—Repairs, &c. of Thornton church 2*l.* 10*s.*; visitation fees, &c., 1*l.*

[a] Waltham.—Part principal and interest of loan borrowed from Public Works Loan Office.

[b] Whatton, Long.—There has been no church-rate during the last 15 years; not from opposition, but from the fact that the whole expense attending the fabric of the church has been borne by Edward Dawson, esq., the principal inhabitant of the parish, and who is also one of the churchwardens.

[c] Woodville.—Being an ecclesiastical district, pays rates to the mother church, but receives no portion of the rate for its own church.

[d] Woodville.—From the voluntary offerings of the inhabitants.

[e] Aby.—Annexed to the parish of Belleau, paying one-third part of the rate.

[f] Algarkirk.—Extensive repairs and restoration, defrayed solely by the rector.

[g] Anwick.—Including clerk's salary, visitations, &c.

Witham, North.—This sum includes a balance in hand of 4*l.* 13*s.* 4¼*d.*

Witham, South.—On building pews, paying clerk, and improvement repair of church.

Woodhall.—This sum includes a balance in hand of 2 *l.* 9 *s.* 1 *d.*

Woolsthorpe.—This sum includes 24 *l.* 15 *s.* instalment, with interest oney borrowed.

Wootton.—Including interest for sum borrowed.

Worlaby.—This sum includes 5 *l.* for clerk's salary.

Wrangle.—In ordinary repairs, cleaning, salaries, &c.

Wrawby.—The expenses have been defrayed by voluntary contributions.

Wyham-cum-Cadeby.—This parish for the last 40 years has been pied by two brothers; the clergyman was brother-in-law; consequently hurch-rate has been made. It has now changed hands, the proprietor cupier, and pays all rates. No money has been expended on the ch, which is in good repair.

[m] Bloomsbury, St. George.—Including a balance from 1853 of 53 *l.* 9 *s.* 9 *d.*

[n] Bloomsbury, Christ Church.—It is not known that any opposition has been made to a rate.

[o] Bow.—One church rate has always been made each year.

[p] Chelsea, St. Luke.—Including bond of 1,000 *l.*: repaid.

[q] Chelsea, St. Luke.—The whole of the sums borrowed have been repaid, except 12,000 *l.* raised upon annuities for a term of 40 years, which will expire in April 1860.

[r] Chelsea, Upper.—£. 16. 10 *s.* pew rents; the remainder voluntary contributions. No church rate has been made. A rate was refused some 22 years ago, and none has been attempted since: nor is it probable the parishioners would grant one, if asked for, as long as the local Act for St. Luke's church rides over the whole of Chelsea.

[s] Chiswick: Turnham Green District.—From the mother church.

[t] City of London: Alphage, St.—Charity property; part left for repairs of church and the relief of the poor.

[a] City of London: Anne, St., and St. Agnes, with St. John Zachary.—The above parishes have an income from house property, sufficient to defray the ordinary expenses of the church; and church-rates are only levied for general repairs. No church-rate has been made for many years.

[b] Bartholomew, St., the Great.—The church of St. Bartholomew the Great being a large ancient church (date 1123), requires considerable repairs at times; the above, therefore, does not give the average amount required for necessary and decent reparation.

[c] Botolph, St., Without Bishopsgate.—All charges for repair of the church, and the salaries relative to it, are paid by rates made under a local Act, 6 Geo. 4, c. 176.

[d] Giles, St., Without Cripplegate.—Of this sum 1,509 *l.* 9 *s.* wa paid to the vicar in lieu of tithes, under the Act 7 Geo. 4. The principal repairs of the church are paid for by charity money left for that purpose.

[e] Magnus, St., the Martyr.—No church-rates have been made o required during the last 15 years.

[f] Margaret, St., Lothbury.—This sum includes 135 *l.* 18 *s.* 8 *d.* received from the parish of St. Bartholomew, Exchange, an 54 *l.* 7 *s.* 6 *d.* from St. Christopher-le-Stocks, parishes united fo church purposes with St. Margaret, Lothbury, by statutes 21 Geo. 3 c. 71, and 2 & 3 Vict., c. 107, which sums are probably raised by church-rates.

[a] Martin, St., Outwich.—None borrowed in the year stated, but 3,500 *l.* was borrowed to rebuild the church, under the authority of an Act passed in the 36th Geo. 3d (1790), under which a separate rate is levied.

[b] Mary, St., at-Hill.—No church-rates have been made or required during the last 15 years.

[c] Mary, St., Somerset, and St. Mary Mounthaw.—The whole expended for repairs, &c., and for other incidental expenses, allowed by the vestry on account of the church.

[d] Peter, St., le-Poer, Old Broad-street.—Including balance from former rate, 37 *l.* 13 *s.* 4 *d.*

[e] Peter, St., le-Poer, Old Broad-street.—Under special Act of Parliament, intituled "An Act for pulling down, rebuilding church, and widening street."

[f] Peter, St., le-Poer, Old Broad-street.—The amount expended in paying annuitants under Act, property tax, and collectors' charges.

[g] Sepulchre, St.—The parish has never required a church-rate.

[h] Swithin, St., London Stone.—This parish, more than 20 years back, discontinued church-rates, not from any previous opposition, but voluntarily, being able to do without them.

[i] Ealing.—Expended in lighting, warming and insuring churches, salaries, fire engine, &c., 109 *l.* 1 2 *s.* 10½ *d.*, and wine for Sacrament.

[k] Enfield.—This sum was spent in re-pewing the church, but forms no part of the churchwardens' accounts. The money not received or paid by them.

[l] Finchley: John's, St., Whetstone, District.—St. John's Chapel, in Whetstone, was built about 25 years ago, and subsequently had a district assigned to it. It is kept and repaired by the surviving trustee. The parish of Finchley makes no payment whatever out of the church-rate.

[m] George, St., in-the-East.—Including 13 *l.* 5 *s.* for insurance, and 16 *l.* 3 *s.* 6 *d.* for new church fittings.

[n] George, St., the-Martyr, Queen-square.—By a local Act of Parliament the trustees appointed thereunder, and not the churchwardens, have the collection and disposal of the church-rate, which is limited to 6 *d.* in the pound, and is entirely absorbed annually by the charges upon it. The deficiency of the churchwardens' income, to meet their expenditure, is made up out of the church-rate. The debt was incurred many years ago for repairing the church.

[o] George, St., the-Martyr, Queen-square.—£.3,600 principal; also life annuities amounting to 272 *l.* per annum.

[i] Harefield.—Paid by C. N. Newdegate, esq., for the clerk's bill for Sacremental wine, &c., and for coal, &c. for warming the church.

[j] Harefield.—The church having been put in thorough repair by Mr. Newdegate, at an expense of several thousand pounds, a few years ago, little or no expense was necessary within the period above-mentioned, but whatever was required was paid by Mr. Newdegate.

[a] Kensington.—Including burial fees, 46 *l.* 9 *s.* 5 *d.*; sale of old brass chandelier, 15 *l.*; and balance of last year's account, 433 *l.* 15 *s.* 3 *d.*

[b] Kensington: John's, St., Notting Hill, District.—A church-rate has for many years past been granted by the parishioners of Kensington, to repair the parish church, and to provide the requisites for Divine service; and an attempt was made to impose a separate and additional church-rate, to repair the district parish church of St. John's, Notting Hill, and to provide the requisites for Divine service; but this additional rate was objected to, and the attempt to raise it has not been persevered in.

[c] Knightsbridge, St. Paul's.—By special collection for incidental expenses.

[d] Limehouse, St. Anne.—Only a small portion of these sums has been expended on the church, the greater portion having been expended on salaries and miscellaneous expenses, in carrying on the duties of the church. The parish church was, on Good Friday 1850, very much injured by fire; but the money received from the insurance office, besides donations, amounting to a very large sum, including the proceeds of one church-rate made in 1850, has been expended in restoring it. The funds required for finishing the church will probably be obtained from such subscriptions and donations, as no part of the income from burial fees and pew rents can be applied to repairs, it being totally inadequate for the purpose.

[e] Margaret's, St. Westminster.—The rest in rates, church servants, and making provision for the due performance of the service.

[f] Marylebone, St.—This includes the receipts and disbursements of the parish church, two chapels, and the four district churches, viz.:—St. Mary's, All Soul's, Christ Church, and Trinity, of which no separate return is therefore given.

[g] Paddington.—None in the year 1853–54; but 19,000 *l.* was borrowed in 1846, and 6,000 *l.* in the year 1855.

[h] Pancras, St.—No church-rates are levied or asked for in St. Pancras. The expenses of repairs are defrayed partly from a small property appropriated for the purpose; but chiefly out of the pew rents of the several churches and chapels in the parish, the income of which forms one general fund, and is applicable for the maintenance of each. When anything substantial is required voluntary contributions are resorted to, to supply any deficiency.

[i] Pancras, St., Regent-square District.—Trustees of Parish local Act receive the rents of all the churches in the parish, and pay expenses.

[j] Thomas, St., Oakley-square.—There are no churchwardens for the district of St. Thomas, such district as yet not being legally formed. The religious services are conducted in a temporary church at the expense of the Rev. T. Dale, vicar of St. Pancras, in which parish St. Thomas's district is situated.

[k] Pentonville, St. James District.—Not empowered by the Church Commissioners' Acts of Parliament to levy rates of any kind.

[l] Pimlico: Gabriel's, St., District.—No church-rate, but no opposition.

[m] Michael's, St., Chester-square District.—No church rate can be demanded in this district, as the Act of Parliament of the year 1850 for regulating this church makes the pew rents applicable amongst other things to the maintenance of the church.

[n] Michael, St., Chester-square District.—Expended in payment of the minister's stipend, and general expenses and maintenance of the church, including repairs.

[o] Michael, St., Chester-square District.—Including 50 *l.* per annum, set apart for extraordinary repair fund.

[p] Ruislip: Northwood District.—Church built in 1853 at an expense of 2,000 *l.* No church-rate has been made; the annual expenses about 40 *l.* which are paid by voluntary subscriptions.

[a] Letton.—The parish of Letton is consolidated with Cranworth.

[b] Lexham, East.—F. W. Keppel, Esq., the owner of the parish, has repaired the church thoroughly at his own expense.

[c] Loddon.—The church is kept in repair from the rents of land left for that, and other purposes.

[d] Longham.—About 5 *l.* 12 *s.* has been annually collected (by rate), and expended in paying the clerk, furnishing wine for the Sacraments, and other usual expenses. The expense of repairs and improvements, which have been very considerable within the last seven years, has been borne by the churchwarden, with the exception of subscriptions from the Earl of Leicester; but the amount cannot be stated, as no accurate account has been kept.

[e] Lynn, North, St. Edmund.—No church in the parish.

[f] Marham.—This includes 4 *l.* 16 *s.* for six ringers for one year, and 6 *l.* 5 *s.* clerk's salary.

[g] Massingham, Great.—No church-rate made. Balance in hand sufficient to cover disbursements.

[h] Mattishall Burgh.—There has not been any occasion for a church-rate during the present churchwarden's time, the money arising from rent of church land being sufficient, if properly managed.

[i] Mattishall Burgh.—Including Archdeacon's fees, clerk's salary, bread and wine, &c.

[j] Methwold.—Of this sum 237 *l.* were raised by voluntary contributions towards defraying the expenses of repairing the spire (struck by lightning 9 May 1853); and 5 *l.* 5 *s.* from rent of church land.

[k] Methwold. — £. 250, the cost of repairing the spire; and 120 *l.* 10 *s.* 8 *d.*, the expenses of walling in a half acre of new burial ground; and other necessary repairs.

[a] Narburgh.—The above includes two years' expenditure.

[b] Neatishead.—Including balance of preceding year, 15 *s.* 4½ *d.*, and Tunstead Happing Anti-Incendiary Association, 2 *l.* 8 *s.* 7 *d.*

[c] Newton-by-Castleacre.—Last rate made in 1851; no occasion for one since.

Norwich:

[d] All Saints and St. John.—Including salaries of clerk and sexton, and sundries.

[e] Andrew, St.—Borrowed on security of the bond of eight inhabitants of the parish.

[f] Benedict, St.—There ought to be; but some years back all the property was thrown into Chancery.

[g] Clement, St.—Repair of church, and payment of clerk and sexton.

[h] Clement, St., Christ Church District.—No church-rates; 1 *l.* 10 *s.* is reserved every quarter of a year (out of the pew rents) for repairs.

[i] Helen, St.—The parish of St. Helen is under the jurisdiction of the Norwich Charity Trustees, and the chaplain and repairs of the church paid out of the charity funds; therefore no church-rate is levied on the inhabitants of the parish.

Norwich—*continued.*

[j] John, St., Maddermarket.—Repairs, clerk's and sexton's salaries; fees to archdeacon, &c., and sacramental wine, &c.

[k] Matthew, St., District.—The building of the church cost in 1851, when it was finished, 2,289 *l.*

[l] Michael, St., at-Plea.—Repairing church, clerk's and sexton's salaries, &c.

[m] Michael, St., at-Thorn.—Including Sacrament wine, sexton's salary, and coals and candles.

[n] Paul, St.—There has not been a church-rate in the parish for years; every attempt to make one brought into action such a spirit of opposition that defeat followed defeat. The churchgoers are principally of the lower order. The church is seriously out of repair, and to collect money upon the voluntary principle is a task, in this low locality, that no churchwarden cares to undertake. The church is now in debt for repairs, and has no legal means to pay.

[o] Peter, St., Mountergate.—Church-rate never objected to.

[a] Acton Scott.—Including 2*l.* 12*s.* for stove and coals for ditto.

[b] Alberbury: Criggion Chapelry.—Criggion is not a parish, but a chapelry in the parish of Alberbury. There is no legal independent rate, but the inhabitants pay without gainsaying the rate for the mother church. The greater part of the inhabitants have just bound themselves to pay an additional rate for what is wanting for the chapel here, exclusive of what the principal landowner is bound to do (*i. e.* keep the edifice in repair, and find "ornaments and utensils.")

[c] Albrighton.—Of which 16*l.* 14*s.* 11*d.* was a balance from former year.

[d] Ashford Carbonell.—No opposition to church-rates in this parish.

[e] Bitterley.—The 24*l.* 8*s.* received by rate will meet the expenditure for about 1½ year.

[f] Burford, St. Mary.—There is in this portion a chapel maintained by the proceeds of an estate, irrespectively of any church-rate.

[g] Cainham.—The church had previously been thoroughly repaired, new pewed, &c., hence the small amount for repairs.

[h] Calverhall.—The rates are collected by the churchwardens of the mother church, Prees, in which parish Calverhall is situated.

[i] Chetton.—Including clerk's salary, repairs to church, and church furniture.

[j] Cleobury Mortimer.—The church put into repair a few years ago at considerable cost. Money borrowed for increasing burial-ground.

[a] Clunbury.—Including a balance of 15 *l.* 19 *s.* 11 *d.* from rates made in 1852. Another rate was agreed upon the 27th October 1854 and collected, amounting to 31 *l.* 0 *s.* 8 *d.*, of which 7 *l.* 3 *s.* 10 *d.* was paid towards the expenditure in advance.

[b] Cound.—£. 54. 5 *s.* 3 *d.* paid this year, being the last part of the principal borrowed for the purpose of repairing the church.

[c] Dawley Magna.—This sum includes the expenses of improving and repairing the parish and one district church; the third church being built under Sir R. Peel's Act. The incidental expenses for repairs vary considerably, arising from working of the mines, which expenses are met by the rates, the parties working the mines not being chargeable therewith.

[d] Diddlebury: Westhope Township.—The chapel is a donative, repaired by the proprietor of the township, and is a chapel of ease to Diddlebury.

[e] Ellesmere.—Ellesmere including Cockshutt, Duddleston and Penley.

[f] Ercall Magna: Rowton Township.—Rowton is merely a township in the parish of Ercall Magna, where there is a chapel of ease, the expenses of which are defrayed by the church-rates levied on the whole parish of Ercall Magna.

[g] Hengoed (near Oswestry).—Hengoed is an "ecclesiastical district" made up of portions of two parishes (Selattyn and Whittington). The church-rates collected in this district go to the mother churches, and not one penny of the said rates is appropriated for the keeping in repair of St. Barnabas's Church, Hengoed; the whole burden of which falls upon the incumbent.

[h] Hinstock.—Including balance in hand of 10 *l.* 14 *s.* 10 *d.* Accounts not balanced between Easter 1851 and 1854.

[a] Stanton Lacy.—Money has been borrowed of the Loan Commissioners, but not in the years specified in this return.

[b] Stanton-upon-Hine-Heath.—The whole in necessary things belonging to the church.

[c] Stoke, St. Milborough.—No rate made this year, there being a balance in hand.

[d] Stokesay.—Rates were levied in the year 1855 to cover the expenses of the two preceding years.

[e] Tasley.—Clerk, 4 *l.* per year; bread and wine, the bells kept in order, the church cleaned, and visitation expenses.

[f] Wenlock, Much.—Under 58 Geo. 3, c. 45; 250 *l.* remains unpaid.

[g] Whitchurch: Tilstock District.—Tilstock is a very ancient chapelry. In 1835 the church was rebuilt and a parsonage house provided from donations given by the last Earl of Bridgewater; and in 1844 this chapelry was allocated and set apart as an ecclesiastical district for all ecclesiastical purposes; but still the wardens of Whitchurch claim and insist upon the church-rates, and only partially allow the expenses incident and necessary for the due performance of Divine service; and the remainder must be supplied by the minister, as the people object to a second rate.

[h] Whitchurch: Tilstock District.—Of which 5 *l.* 5 *s.* 8 *d.* allowed by the wardens of Whitchurch.

[i] Whittington.—Salaries of clerk, beadle, &c., 22 *l.* 14 *s.*

[j] Whixall (Prees).—There is no power to lay rates, or to make any payments.

[k] Wrockwardine.—No rate laid in Wrockwardine for said year, moiety of previous rate sufficing.

[l] Wrockwardine.—The sum of 450 *l.* was raised by rate in the year 1854–55, towards the sum of 1,400 *l.* expended in the repair and partial rebuilding of the parish church.

[m] Wroxeter.—Borrowed on security of church-rates at 2 *l.* 10 *s.* yearly interest.

[a] Fetcham.—The church-rate which was made 23 March 1853, was double the usual amount, in consequence of some repairs being contemplated, all of which were not performed; the amount left in hand was sufficient for the ordinary expenses the next year without a rate.

[b] Godstone: St. John, Blindley Heath District.—This being only a district church in the parish of Godstone, a church-rate, unfortunately, is not applicable to it. Its expenses are paid from the pew rents. Church-rates, however, are collected throughout its ecclesiastical district in support of the mother church of Godstone. There is a repairing fund for the fabric.

[c] Ham: Robin Hood District.—All expenses defrayed by the incumbent out of the endowment of 30 *l.* a year.

[d] Kennington, St. Mark's.—No sums have been received or expended within the times mentioned, on account of church-rates or other sources of official receipt in aid or in lieu thereof. Opposition has not been the cause of church-rates not having been made.

[e] Kingston: Hook Hamlet.—From pew rents, 27 *l.* 16 *s.* 6 *d.*; Endowment Repair Fund, 2 *l.* 9 *s.* The sum of 27 *l.* 16 *s.* 6 *d.*, which arose from pew rents at Hook Church, was applicable to the minister's income, subject to the sum required for the maintenance of Divine worship, viz., clerk's salary, &c., amounting in that period to 9 *l.* 13 *s.* No money was paid during the said period for improving or repairing the church, but on an average from that time to the present a deficit is left in the annual endowment repair fund of 2 *l.* 9 *s.*

[f] Norbiton District.—From the rates collected by the churchwardens of Kingston, Norbiton being a district.

[g] Lambeth and Camberwell: St. Matthew's District, Denmark Hill.—St. Matthew's Church, Denmark Hill, Camberwell, is a district church of recent erection (1848); the building and part of the district is situate in the parish of Lambeth; the remainder of the district is in the parish of Camberwell, the inhabitants continuing to pay church-rates to the respective parishes named, according to their particular locality. St. Matthew's Church has, pursuant to the District Churches Act, a "repair fund," the dividends from and interest on which are applied to maintaining and repairing the church and inclosure.

[h] Lingfield.—These sums include 166 *l.* 12 *s.*, instalments and interest of money borrowed.

[i] Merrow.—The church has very lately been entirely and substantially rebuilt, which accounts for no money being expended in repairs, &c.

[j] Mitcham.—In the year 1821 the parish church was rebuilt, and money borrowed under local Act of Parliament, carried into effect by special trustees appointed for the purpose, who keep a distinct account, over which the churchwardens have no control.

[b] Fletching.—Including 10 *l.* 14 *s.* 6 *d.*, the proportion of church-rate levied, and paid over to the district church of Danehill in this parish.

[c] Fletching.—Borrowed, March 1852, of the Exchequer Loan Commissioners, to be paid off in 20 years.

[f] Funtington: Sennicotts Hamlet.—Sennicotts is not a parish; it is situated in the parish of Funtington. [g] Grinstead, West.—No rate made, but balance in hand from former rate.

[h] Grinstead, West.—Chiefly expended in clerk and sexton's salaries, and cleaning church and churchyard, and purchase of bell-ropes.

[l] Heathfield.—Borrowed in 1850 of Exchequer Loan Commissioners, at 4 per cent., payable in 20 years. Paid in 1853-54, 43 *l.*, principal and interest.

[m] Heighton, South.—There is no church in this parish, but it is annexed to Tarring Neville for church accommodation.

[a] Baginton.—Remainder expended in church service.

[b] Balsall, Temple.—No church rate in 1853, but balance in hand of a rate made in 1852.

[c] Berkeswell.—From charity estate yearly, 16 *l.*; from funded property, 9 *l.*; by subscription, 75 *l.*

[d] Binley.—The parishioners have nothing to do with repairing the church. There is a small rate made for the expenses incurred for the wine used at the holy communion, and for tuning the organ, &c.

[f] Birmingham: Andrews, St.—The whole from private subscription, and the interest of 300*l.* in the funds. This parish is one of recent formation for ecclesiastical purposes within the parish of Aston, and depends entirely upon voluntary offerings, except the 300*l.* invested, the interest of which goes towards repairs. No money borrowed, but a debt has accrued of about 85*l.* in the last five years.

[g] Bartholomew, St.—From collections after sermons, and subscriptions from the minister and others.

[h] Bishop Ryder's Church.—Endowment fund of 11*l.* per year, and voluntary contributions.

[i] John, St., Lady Wood.—The church of St. John, Lady Wood, was consecrated on 15 March 1854, and the district was made a separate district chapelry on 8 June 1854.

[j] Luke, St., District—St. Luke's being only a district church, no rates have been collected, the expenses being deducted out of the pew rents and collections in the church.

[k] Stephen, St., District—Beadle's and other wages, cleaning church, gas, organist's salary, &c. &c.

[l] Thomas, St.—Birmingham is still an entire parish for the purpose of church-rates.

Since its separation from the mother church of Burton the Ecclesiastical Commissioners have granted an endowment for the incumbent; and as the church-rate raised on the township goes to Burton, there are no funds for repairs, and the expense of maintaining Divine worship has to be borne by the incumbent, assisted by a small collection, as the sittings are nearly all free.

[h] Kendal: Burnside Chapelry.—In repairing Burnside chapel, and contribution to parish church of Kendal.

[i] Grayrigg Chapelry.—Repairs and support of the church, and its services and officers.

[j] Hugil, or Ings Chapelry.—An additional rate was laid this year, on account of the leads of the church being bad.

In ordinary years the expense of keeping the chapel in repair is but a mere trifle, not exceeding a few shillings; but between Easter 1853 and Easter 1854, a new roof was put upon the chapel, the expense of which was 9 *l.* 18 *s.* This sum was raised by a rate, and paid cheerfully by the inhabitants of the chapelry.

[a] Birlingham.—There have been no church-rates during forty years. The rent of four acres defrays the annual expenses, and of late years there have been no other expenses. There has been neither building nor improving. Any small repairs made either by the rent as above, or by the rector. No sum has been borrowed; no church-rates have been either refused or demanded.

[b] Blockley.—No church-rate in 1853 or 1854; one in the year 1852, which amounted to 38 *l.* 19 *s.* 6½ *d.*, part of which was collected.

[c] Bockleton.—Balance due to churchwarden from the preceding year; visitation expenses (including presentments); sacramental wine and care of surplice; clerk's salary and candles; and for singing gallery.

[d] Bredon.—General expenses attending church and churchyard, with clerk's fees.

[e] Bredon.—In the year 1844 the sum of 300 *l.* was taken in mortgage on the church lands for improvements in the interior of the church, which is paid off by instalments, yearly.

[f] Broadway —Rent of lands and tenements bequeathed for the repair of church, &c.

[g] Broughton Hackett.—No church-rate has ever been refused in this parish within the memory of man when a church-rate has been required.

[h] Chaddesley Corbett.—The usual amount collected annually by rate is about 60 *l.*, which generally covers all expenses, except in 1854, a double rate was required to rebuild part of the spire of the church.

[i] Churchill (Kidderminster).—There is a charity left for the repairs of the church, in the hands of trustees, over which the churchwarden has no control.

[j] Claines.—There are two churches, and about 29 *l.* of the above is the cost of gas fittings added to one of them for evening service.

[k] Clifton-upon-Teme. — Borrowed from the Public Works Loan Commissioners, on the 14th day of May 1852.

[a] King's Norton.—This return includes the parish church and Wythall Chapel. The parish church is a fine old building, but much dilapidated, and would take a large amount to put it in good order, and having so small funds the roof only was repaired. Wythall Chapel is also in a very bad state, but no repairs were done to that during 1853 and 1854, being then about to be made into a separate district.

[b] Knighton-upon-Teme.—The residue paid for clerk, singers, schoolmaster of sunday school, apparitor's fees, sacramental wine, &c.

[c] Lindridge.—In the general disbursements, including some repairs.

[d] Malvern, Great: St. Mary.—St. Mary's Church or Chapel, Bernard's Green, is a chapel of ease to Great Malvern Church. *See* Great Malvern.

[a] Ribbesford.—Very little in repairs. Wine, coal, and other expenses attending the church.

[b] Shrawley.—Including general expenses.

[c] Staunton.—But few objections have been made to church-rates.

[d] Stockton.—The sum shown under this head is very small, owing to the church having been recently repaired at a considerable expense, to which the parishioners contributed by a church-rate, raising the sum of 50 *l.*

[e] Suckley.—Repairs included in this sum average about 20 *l.* per annum

[f] Tidmington.—Church-rate never refused.

[g] Welland.—There was money in hand sufficient, from a church-rate the year before.

[a] Wolverley: Peter's, St., District.—Contribution from parish rates at Wolverley.

[b] Peter's, St. District.—Including 1 *l.* 13 *s.* 6 *d.* for bell.

[c] Worcester City: All Saints.—A church-rate has never been refused in this parish.

[d] Bedwardine, St. John.—There is in the parish a fund available for church purposes, arising from land, and amounting to about 50 *l.* per annum.

[e] Bedwardine, St. Michael.—Rental of an estate belonging to the parish, and available for church purposes.

[f] Bedwardine, St. Michael.—The whole of this sum is at present expended in liquidation of debts for the rebuilding of the parish church.

[g] Worcester City: Paul's, St.—Incumbent makes himself responsible for the expenses attending Divine worship.

[h] Addingham.—The above is about a general average, but the churchwarden for the year 1853 having died suddenly his papers could not be found.

[i] Almondbury: Milnes Bridge District.—St. Luke's, Milnes Bridge, is a district church, and has no church-rate. In 1853–54 the congregation bought an organ and could not afford anything for the support of the fabric, but the church is in a lamentable state of repair. It was badly built at low contracts and has incurred an almost incredible expenditure every year for building, improving and repairs. There is a large congregation and schools, but the people are poor, and the church has been disappointed of its promised endowment, and is now about 60 *l.* in debt.

[a] Almondbury: South Crosland Township.—The accounts are mislaid, and cannot be found; but about 10 *l.* on an average are spent annually for these purposes.

[b] Argam.—No church-rates have ever been collected.

[c] Arkengarth Dale.—Church and yard in good repair, but laid out in necessary expenses.

[d] Askern.—Received from the Campsall church-rate as mother church.

[e] Askrigg Chapelry.—The church was become so ruinous as to be unsafe, and this rate was made for its restoration; and although the rate was laid on the occupiers, it was paid almost exclusively by the owners of property within the chapelry.

[f] Aysgarth: Hawes Township.—Owing to a defect in the collector, the amount received was only 18 *l.* 10 *s.* instead of about 32 *l.* 10 *s.*

[g] Ayton-in-Cleveland.—The average sum wanted for repairs would be from 8 *l.* to 10 *l.*

[h] Balby.—No church-rates, being a district church under Doncaster.

[i] Barkisland, Christ Church District.—The above church was opened in 1854. The boundary of district not defined, as far as can be understood. No rates. Rates are paid to Ripponden and Elland churches, and a vicar's rate to Halifax. The expenses of the church are defrayed by voluntary subscription.

[j] Barmby-on-the-Moor.—There was a balance due to the churchwardens, which was paid to them (afterwards) the following year.

[k] Barwick-in-Elmett: Manston District.—The church-rates of this district are paid to the mother church at Barwick-in-Elmett, and the above sum received and expended for Manston church, is raised by voluntary contribution.

[l] Roundhay Township.—Rates are laid on the poor for ordinary expenses. Repairs outside paid by the patron.

[b] Bingley.—The parish of Morton was endowed in 1845, under Sir R. Peel's Act. There are no rates. The yearly expenses (about 14 *l.*) are raised by subscription. There is a repair fund, the interest of which is about 2 *l.* 10 *s.*

[c] Birkby.—Including visitation, book, wine, clerk, coals, washing surplice, bread.

[d] Birstall.—Church-rates have not been asked for since 1841, in consequence of rates for that and the previous year having been refused.

[e] Heckmondwike Township.—Between Easter 1854 and Easter 1855, a sum of more than 50 *l.* was expended for these purposes, as lso a sum of about 20 *l.* between Easter 1852 and Easter 1853.

[f] Birstall; Robert Town District.—The chapelwardens have no power to lay rates for Robert Town, and therefore no attempt has been made to lay a rate for the church there.

[a] Ecclesfield: Stannington District.—Of which sum 21 *l.* is paid to the organist by the incumbent. For some years past the incumbent has made himself responsible for all the expenses connected with the church, rather than apply for a rate, which has never been attempted.

[b] Wadsley District.—Subject to a deduction of 8 *l.* 15 *s.* to be expended in repairs of building, &c., or accumulated in hands of the trustees; also, in reserve in trust, dividends on 193 *l.* 6 *s.* 11 *d.* Consols, not touched this year. The seat rents are intended in part support of the minister, but on the average are nearly absorbed by the expenses, which come out of the church.

[c] Wadsley District.—Handed to trustees to make up 8 *l.* 15 *s.*, as noticed before. This is below the average. The following year the amount was 84 *l.* 4 *s.* 3 *d.*

[d] Ellerton Priory.—This sum includes sacramental and visitation expenses, clerk's wages, cleaning church, washing linen, postage, curate, for copying registers, &c.

[e] Elsecar.—Elsecar is a district parish, formed within the last 2 years, and therefore has no claim upon the rates collected. They have been expended elsewhere.

[f] Eryholme.—The church-rate is always paid in this parish.

[g] Firbeck.—No church-rate is necessary in this parish, in consequence of property having been left to defray the necessary expenses relating to the church.

[a] Sedbergh: Cautley and Dowbiggin Chapelry.—The church having been lately built, there is a repair fund, according to Act of Parliament. The district pays rates towards Sedbergh parish, and is included in the returns from Sedbergh.

[b] Cowgill-in-Dent.—No church-rates ever attempted to be made in this chapelry, formed in 1838.

[c] Howgill Hamlet.—Including a balance of 1 *l.* 10 *s.* 4 *d.* from the previous year.

[d] Howgill Hamlet.—Including 6 *l.* 10 *s.* to the mother church of Sedbergh, besides 3 *d.* a house to the clerk of Sedbergh, amounting to 10 *s.* 6 *d.* The mother church finds wine for the communion, amounting to 24 *s.*

[e] Selby.—Balance from the previous year, 11 *l.* 10 *s.* 10 *d.*, and 5 *s.* 6 *d.* sale of wood.

[f] Settle.—Voluntary rate upon sittings in the church.

[g] Sheffield.—For conducting Divine service in the church. The other ordinary expenses are defrayed by a corporation called the Sheffield Church Burgesses.

[h] James, St., District.—The necessary repairs of St. James's Church have to be done by voluntary subscription, there being no fund whatever that can be appropriated to that purpose.

[i] Sheffield: Jude's, St., Eldon.—Nothing, through a general antipathy to church-rates in a poor population.

[j] Philip's, St., District.—A large source of income derived from fees on funerals has ceased in consequence of closing the churchyard.

[k] Thomas, St., Crookes.—St. Thomas's Church, Crookes, is one of the district churches; has only been built a few years. There never was any church-rate, nor even one attempted. The repairs of the church, when required, are paid for by the wardens, and the congregation are expected to reimburse them by collections. The repair of the fabric hitherto has been almost nominal.

[l] Sherburn: South Milford.—South Milford is not a parish, but a hamlet or vill within the parish of Sherburn, having no distinct church-rate. The townships of South Milford, Huddleston-cum-Lumley, Newthorp, and Barkston, and two townships having ancient chapels, Lotherton and Micklefield, contribute to the rates. In this parish there is no instance of a year without a rate.

[m] Skelton Township.—From the building of the chapel, in the year 1811, the repairs and all expenses attendant upon a due performance of the services have been defrayed by pew-rates, according to an agreement then signed by all the principal parishioners, in the collection of which there is no difficulty.

[a] Conwil-Cayo.—5 *l.* paid to the parish clerk for his services; the remainder for repairs of the church, and collecting the rate.

[b] Eglwys-cymmin.—Rate for 1853–54 not yet collected.

[c] Kidwelly.—The church-rate was first refused in this parish in the year 1853: since that year no rate has been made.

[d] Kidwelly.—The elements for the communion paid for by the vicar, there being no funds with the wardens. This church requires much reparation at present, but we have no funds.

[e] Laugharne.—Borrowed at four per cent., to be paid off by instalments in 10 years.

[f] Llandefeilog.—Expended on improving and repairing the church, paying the clerk and sexton, and for bread and wine.

[g] Llandilofawr: Taliaris Chapel.—The chapel has always been kept in repair by the owner of Taliaris estate. There is no district attached to the living. It is in the parish of Llandilofawr.

[h] Llandyfeisant.—Including a balance due from the churchwarden on account of previous year.

[i] Llanegwad.—December 28th, 1853. To Public Works Loan Office, 44 *l.* 12 *s.*; other general expenses, 15 *l.* annually.

[j] Llanegwad.—Borrowed in 1848 on security of church-rates from Public Works Loan office.

[k] Llanfynydd.—There has been no opposition given at any time to raising a rate in this parish, but no rate has been levied for the last three years. In 1852 a rate had been made, but not collected, and in 1853 it was handed over to the vicar, with the remainder of the former rate, to supply what was necessary for the performance of public worship; and therefore there has been no rate here for the last three years, not because it was opposed, but, under the circumstances, was not wanted.

[l] Llangadock.—The above includes expenditure at Gwinfe chapel of ease.

[m] Llanglydwen.—In addition to the rate, 30 *l.* are about to be raised by subscription from the landlords for new roofing the church.

[n] Llanwinio.—The parish is divided into two divisions, called Eastern and Western Division. It is believed a rate would be refused if it were asked: the incumbent and churchwardens defray all expenses out of their own money.

[a] Llanybyther: Abergolech Chapel.—Abergolech is not a parish, but a chapel, in the south hamlet of the parish of Llanybyther: the incumbent is obliged to keep the chapel in repair.

[b] Mothvey.—In some years the repairs of the fabric were very considerably higher. In this year nothing particular was done except whitewashing, and some very small repairs.

[c] Mydrim.—The last rate for the necessary repairs of the parish church and celebration of Divine service was levied in the year commencing March 1850, since which period none has been asked for, fearing the same might be refused: the ordinary rate amounted to 20 l., 13 l. of which was expended annually in repairing the parish church and churchyard fences.

[d] Pembrey.—The ordinary expenses of repair, clerk's salary, vicar's fees, communion wine, &c., amount to about 30 l.

[e] Aber.—From the Rev. T. N. Williams, instead of rate.

[f] Abererch.—No church-rate has been attempted to be levied, as the parishioners, with but few exceptions, are wholly Dissenters.

[g] Bodvean.—Expended in small repairs, fees in chancellor's court, &c.; remainder carried over to the next year.

[h] Clynnog.—Last rate granted in 1851, amounting to 120 l.

[i] Clynnog.—Voluntary contributions from landowners and the public for restoring the parish church.

[j] Clynnog.—In course of expenditure, and remaining half of last rate to be yet collected. 1,500 l. actually expended, but the repairs not yet completed.

[k] Dol-wyddelan.—No rate was made this year; but the amount required in lieu of a rate was about 5 l., which was obtained from the poor-rates.

[l] Eglwys-Rhos.—No rate was required this year: the rate, when required, has not at any time been refused in this parish.

[m] Llanbeblig: Waenfawr District.—Waenfawr is a district of the parish of Llanbeblig, and included in the return for that parish. Public worship is conducted in Waenfawr in a school-room licensed for that purpose.

[n] Llanddeiniolen.—No account kept. The church being new, required but trifling repairs, which were paid out of the high-road rate.

[o] Llanfaglan.—Subscriptions and good-will; all is kept in good order and repair.

[a] Llanfihangel-y-Pennant.—The church has been made anew in the year 1852, the expenses whereof were defrayed by the landowners' subscription.

[b] Llanllechid.—A church-rate has been always granted in this parish until last year, when the rate was lost by a majority of 22. This year the rate was resisted, but was carried by a majority of 35.

[c] Llanllyfni.—No assessment was made for church-rates during the years 1853 and 1854. The amount of the last rate, signed in 1851, was 77 *l.*, of which 52 *l.* are still due, and in progress of collection.

[d] Llanrhychwyn.—All charges at the Ecclesiastical Court, Bangor, have been defrayed by voluntary contributions.

[e] Llanwnda.—Being balance of church-rate handed over by the churchwardens going out of office. The rate had been made some time previous to those years.

[f] Llanwnda.—About 7 *l.*, in repairs of the church, and in procuring candles and Sacramental wine. The balance of 1 *l.* was handed over to the new churchwardens.

[g] Tydweiliog.—No rate under the designation of church-rate; but the expenses incurred in the celebration of Divine worship were defrayed by the parishioners.

[h] Bettws-yn-Rhôs.—In addition, there was a balance from 1852–53, of 5 *l.* 0 *s.* 8½ *d.*

[a] Gwaenysgor.—The church here has been recently reseated and generally repaired, and no repairs are now required. In the above expenditure are included, for the parish clerk, 17 *s.*; cleaning churchyard, 1 *s.* 6 *d.*; fees paid to court at St. Asaph, 18 *s.*; churchwardens' journies to St. Asaph, 9 *s.*

[b] Hawarden; Buckley, St. Matthew's.—St. Matthew's is a chapel of ease, in the parish of Hawarden. The returns of this district will be included in those for the mother church.

[d] Hope.—The church during the last four years admitting streams of water through the roof; partially restored, November 1855.

[e] Newmarket.—About half this sum would probably be expended on the fabric. This rate covers a period of two years; say average in the parish 8 *l.* per annum. About 2 *l.* is excused as arrears from very poor people.

[f] Bettws.—There was no rate made in the year 1853–54, on the ground that the sum required was so small that it sufficed to make a rate every two years.

[g] Bride, St. Major.—In addition to 29 *l.*, being instalments of principal, and interest of 200 *l.* raised on rates in 1851.

[h] Bride, St., super-Ely.—In repairs of church, churchyard walls, and cleaning the church, and the remainder incidental expenses, such as for bread and wine, washing surplices, &c.

[i] Aberpergwm, Chapel of Ease.—Included in Cadoxton-juxta-Neath.

[j] Cairau.—Majority against the church-rates.

[k] Cairau.—The latter end of 1854 the church was repaired by the rector, &c. to the amount of about 60 *l.*

[b] Eglwys-Brewis.—A rate has not been made for some years. The church was repaired in 1845. A rate is now making, which will amount to 38 *l.* 8 *s.*

[c] Caerphilly, St. Martin's District.—Saint Martin's, Caerphilly, is a district church, and not entitled to levy a rate; a rate, however, is occasionally levied on the district, in common with the rest of the parish, towards the repairs of the parish church only. The repairs of the district church are made by voluntary contributions.

[a] Llantwit, Major.—Besides the rate collected, a large sum was laid out in repairs at the private cost of the churchwarden.

[b] Llantwitvairdre.—Repewing, improving windows, and church and churchyard walls.

[c] Margam.—Out of the above, a vestry-clerk is paid 20 *l.* a year.

[d] Merthyr Mawr.—The remainder was paid for clerkship, washing surplices, visitation fees, and bread and wine.

[e] Merthyr Tydfil: Cyfarthfa District.—The church now in course of building, and therefore no returns to make.

[f] Pantyshan District.—Pantyshan church is not a parish church; it is in the parish of Merthyr Tydfil, and is situated three miles from the parish church of Merthyr. It was built by subscription, and consecrated and opened in January 1853. There are no rates, and the expenses up to the present time have been paid by a private gentleman in the neighbourhood.

[g] Paul, St., Skketty (near Swansea).—This church was built about five years ago, and a district assigned to it from the parish of Swansea by the Church Building Commissioners; a fund equal to five per cent. on the original cost being invested to provide for repairs. A legacy of 250 *l.* has since been left, the interest of which principally provides for the necessary expenditure of the church.

[h] Penarth.—Balance due to the parish from the year ended 1853.

[i] Pendoylan.—Nothing was expended by the parish, or from any rates, the churchwarden having at his own cost put the church and churchyard in good and substantial repair.

[j] Penlline.—The church of Llanfrynent and the chapel of Penlline have been repaired and restored during the last 10 years, at great expense, by John Humfray, esq., of Penlline Castle, and by W. Salmon, esq., at their own expense, and at no cost to the parish.

[k] Penmaen.—The church-rate has never been refused in this parish.

[l] Pentyrch.—Towards rebuilding the parish church. The church is now about being entirely rebuilt. The contractor failed, which accounts for so long a delay in the rebuilding.

[m] Radyr.—There being a balance in hand from the previous year.

[n] Swansea.—There are two sums of 576 *l.* 3 *s.* 8 *d.* and 400 *l.*, or thereabouts, now due to private individuals for money lent by them to the vestry, for the repairs and improvement of the church, but there is no money borrowed on the church-rates.

[a] Boulston.—Boulston was a donative, but lately placed under the jurisdiction of the diocesan. The church has been repaired, or rather renewed, by the patron, aided by subscriptions. A rate of 2*d.* in the pound was made two years ago, and unopposed.

[b] Brawdy.—The parish had only one churchwarden, and he left in September that year, and the minister had to find and do everything that was wanted at his own expense the other half year.

[c] Cosheston.—Balance of 7 *l.* from 130 *l.*, borrowed in the year 1832.

[d] Dogmells, St.—Borrowed of the Public Works Loan Office in 1849 towards rebuilding the parish church.

[e] Dogwells, St.—But was had from the high-road rate to pay the Bishop's Court, which amounted to 7 *s.*, and 5 *s.* for serving the office of churchwarden.

[f] Dogwells, St.—The repairs which were necessary were done by the Squire of the parish.

[g] Florence, St.—The surplus was expended in repair of the tower, but the actual work was not begun till the end of the church year.

[h] Gumfreston.—Church-rates have not been refused in this parish.

[i] Harroldston, West.—There has been no church-rate made in this parish for the last eight years; the minister making a collection in the church to defray the expenses incurred. Opposition has not been the cause thereof.

[j] Hays Castle.—A rate is made for small parochial expenses, out of which all repairs, &c. for the parish church is paid; but no specific church-rate has been made for the last five years.

[k] Issells, St.—No rate collected, a balance being in hand from previous year of 10 *l.* 9 *s.* 7½ *d.*

[l] Johnston.—Churchwarden holding a large portion of the parish, paid the necessary expenses himself, the parish being a poor one.

[m] Lawrence, St.—There was sufficient money in hand from a rate made in 1850.
